About me

I'm a teacher of landscape architecture, floristry and guest service agent at Klaipeda Ernestas Galvanauskas vocational training centre. I work with pupils of different age groups, and also with special educational needs. I came from small town - Plungė. I have dream to open family business of restaurant, hotel in our farmstead in my hometown. I'm interested rural tourism experience from different countries. To get more experiences how to make business in rural places. I want to teach, share my experience with my students how to make business in rural areas from Lithuanian/Latvian perspective. I had a traineeship in Italy a few years ago. I have learned how to cook traditional Italian dishes. I had the opportunity to visit local business in rural areas of Italy. Italians developed good business in rural areas of catering, hotels, has nice view of landscape and this is what encourages me to do same business in my small country Lithuanian

What I expect from host organisation

I think that with this project I will expand my knowledge of business in rural areas. I am interested in floristic, gardening, small family business, catering, event planning, It will be useful for me in my work, at school. I believe this will contribute to my dream of creating a family business in village near Plungė
