please write an email to [info@forum-synergies.eu](mailto:info@forum-synergies.eu)

### About me

Currently I am studying for sustainable agriculture in Greece and I want to gain some experience on a farm that operates and produce in a sustainable way. Also I have a master degree in Veterinary Medicine. I like to keep hands in practice and I am eager to do any kind of job. For the last 2,5 years' I have been working with farmers in my country, mostly with livestock. In the future I aim to open my own farm.

### What I expect from host organisation

From the host organization, I expect to learn their good practices, to do some real work, and guidance on managing the farm. Preferably, to stay at least 1 month so that I can complete some work and exchange some of our experiences.

### Preferred languages

EN, IT
